DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on May 25, 2004 has been entered.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance: claims 1, 3-11, 16-25 have been found to be allowable over the prior art of record since the prior art of record neither discloses nor makes obvious the combination of an exposure apparatus and corresponding method which is provided with a first correction means for correcting optical characteristics of the projection optical unit, by performing specific functions, along with other features, as recited in the instant claims. Applicant's arguments filed 4/24/2004 are found persuasive (for example, see page 12, lines 3-11) and incorporated herein by reference.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
